Notes: (1) EEC countries include: Belgium & Luxembourg, Denmark, France, West Germany, Greece, Ireland, Italy, Netherlands, Portugal, Spain, United Kingdom. PACIFIC RIM countries include: Australia, China, Japan, South Korea, Taiwan, Singapore and Hong Kong.

(2) Commerce data reported in metric units under the HS are converted to U.S. standard units of measure for this table.

(3) Because of new HS classifications, certain year-to-year changes are not meaningful and, thus, are noted with an NA.

STATISTICAL ROUNDUP

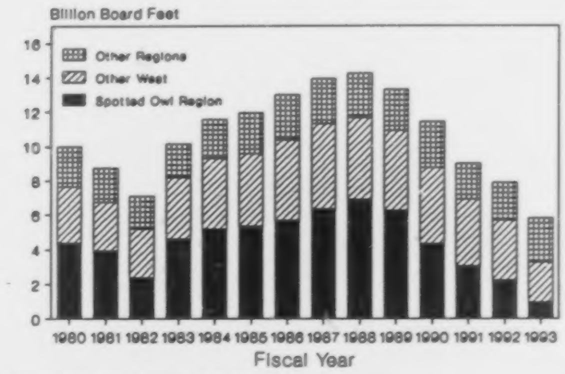
QUARTERLY STATISTICAL SUPPLEMENT

A publication of the American Forest & Paper Association November 1993

STATISTICAL ABSTRACT

Total Federal Harvest



Sources: U.S. Forest Service, BLM, AF&PA

Reflecting reduced Congressional funding, endangered species concerns, litigation and abuse of administrative appeals, federal timber harvests have fallen to the lowest level since 1954.

---

[1] Sawed timber, board planks and scantlings, siding, flooring, box shook and railroad ties.
[2] Includes siding, flooring and other dimension (exports only).
[3] Includes hardwood flooring, siding and other dimension.

Note: (1) Because of suspected errors in U.S. data, softwood lumber imports for the first quarter of 1989 are based on Canada's reported exports (source: Statistics Canada and COFI). Imports of other pine lumber for the period July, 1989, through February, 1990, were adjusted based on average per unit value of imports during the first six months of the year. Hence; AFPA-reported softwood lumber imports from official government estimates.
(2) Because of conversion to the Harmonized System of Tariff Nomenclature in 1989, species categories are no longer comparable to previous years.

Source: Foreign Agriculture Service, U.S. Department of Agriculture; Forest Products Division, BIE; U.S. DOC, from data of the Foreign Trade Division.

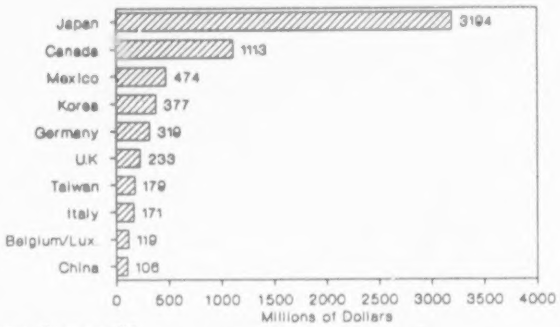
QUARTERLY STATISTICAL SUPPLEMENT

A publication of the American Forest & Paper Association *February 1994*

STATISTICAL ABSTRACT

Value of U.S. Wood Product Exports To Top Ten Markets, 1993



Source: Commerce, FAS

U.S. lumber and wood product exports topped $7.2 billion in 1993, an all-time high. Export values increased, although volumes declined for many product groups.

---

[1] Sawed timber, board planks and scantlings, siding, flooring, box shook and railroad ties.
[2] Includes siding, flooring and other dimension (exports only).
[3] Includes hardwood flooring, siding and other dimension.

Note: (1) Because of suspected errors in U.S. data, softwood lumber imports for the first quarter of 1989 are based on Canada's reported exports (source: Statistics Canada and COFI). Imports of other pine lumber for the period July, 1989, through February, 1990, were adjusted based on average per unit value of imports during the first six months of the year. Hence, AFPA-reported softwood lumber imports from official government estimates.
(2) Because of conversion to the Harmonized System of Tariff Nomenclature in 1989, species categories are no longer comparable to previous years.

Source: Foreign Agriculture Service, U.S. Department of Agriculture; Forest Products Division, BIE; U.S. DOC, from data of the Foreign Trade Division.

\1 Sawed timber, board planks and scantlings, flooring, box shook and railroad ties. \2 Includes siding, flooring and other dimension (exports only). \3 Includes hardwood flooring, siding and other dimension.

Note: (1) Because of suspected errors in U.S. data, softwood lumber imports for the first quarter of 1989 are based on Canada's reported exports (source: Statistics Canada and COFI)
(2) Because of conversion to the Harmonized System of Tariff Nomenclature in 1989, species categories are no longer comparable to previous years.

STATISTICAL ROUNDUP

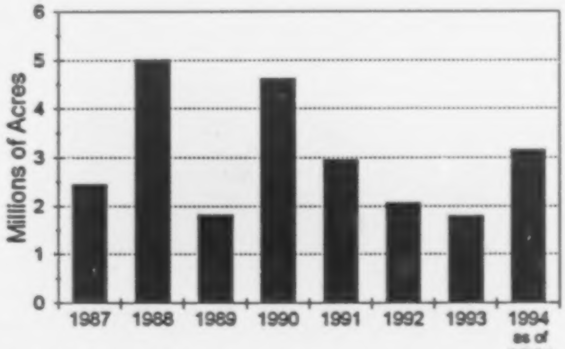
QUARTERLY STATISTICAL SUPPLEMENT

A publication of the American Forest & Paper Association *August 1994*

Acres Burned by Wildfire in the U.S.



Source: U.S. Forest Service

While not as devastating as several earlier years, 1994 is a year of major wildfires. Extensive volumes of national forest salvage timber will likely result from the fires. However, the opportunity to recover and process this timber will depend on the ability of the Forest Service to promptly meet environmental and appeals requirements. Any delay in sale preparation will result in a loss of salvage timber value and federal revenues.

\1 Sawed timber, board planks and scantlings, flooring, box shook and railroad ties. \2 Includes siding, flooring and other dimension (exports only). \3 Includes hardwood flooring, siding and other dimension.

Note: (1) Because of suspected errors in U.S. data, softwood lumber imports for the first quarter of 1989 are based on Canada's reported exports (source: Statistics Canada and COFI).
(2) Because of conversion to the Harmonized System of Tariff Nomenclature in 1989, species categories are no longer comparable to previous years.
